

STEAM PLANT THE PUMPS SAVE City Will Try to Get It Running At An Early Date.

LOCAL IMPROVEMENTS

Share Paid By The City Too High, the Controllers Believe.

Several matters of more or less importance which came before the Board of Control yesterday afternoon, in the report from the Council committees, were dealt with, besides which the numbers took up with Engineer Elliott, of the new Department of Light and Power.

One matter of considerable moment was the report of the Controller of Light and Power, who at the present time the by-law provides that the city shall pay 30 per cent of the cost of local improvement works, and the property owners 70 per cent. But the city also pays the cost of street intersections and flankings, which often adds to the expense to be paid by the city up to 50 per cent, and sometimes more.

The Controller also stated that this cost must be remedied. Controller also stated that this cost must be remedied. Controller also stated that this cost must be remedied. Controller also stated that this cost must be remedied.

A Bundle of News FOR THE WEEK

IF MALVY'S ACCOMPLISH IS Retained.

Paris, Jan. 22.—Amid tumultuous scenes in the Chamber of Deputies today the recently formed Cabinet of Premier Alexandre Millerand received a vote of confidence, 373 to 23. The vote was a moral defeat for the Government, however, as more than 200 deputies abstained from voting. The retention of the deputies on the question of confidence recalled a scene in the Chamber in 1905, when the Ministry of Alexandre Millerand was overthrown three hours after its formation.

NEW FRENCH CABINET IS Warned of Its Fate

Paris, Jan. 22.—Amid tumultuous scenes in the Chamber of Deputies today the recently formed Cabinet of Premier Alexandre Millerand received a vote of confidence, 373 to 23. The vote was a moral defeat for the Government, however, as more than 200 deputies abstained from voting.

The significance of the vote was generally interpreted in the lobby to mean that the Millerand Cabinet was in a precarious position. The Premier will have to replace the Ministry of the Interior, which was thrown on the first question involving the Interior policy in a question of confidence.

Many of the deputies who abstained from voting were those who had been expelled from the Chamber of Deputies for having been members of the Ministry of the Interior, which was thrown on the first question involving the Interior policy in a question of confidence.
